

DECLARATION AND POWER OF ATTORNEY

Attorney's Docket No. 20825-0004

In re Application of: **Paul A. Krieg**

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship is as stated below next to my name. I believe I am an original, first and/or joint inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled **Methods For Modulating Angiogenesis With Apelin Compositions**, the specification of which:

☐ is attached hereto.

☒ was filed on March 12, 2004 as U.S. Serial No. **10/799,417**

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above. I do not know and do not believe that the same was ever known or used by others in the United States of America before the present invention thereof, or patented or described in any printed publication in any country before the present invention thereof or more than one year prior to the date of this application. I further state that the invention was not in public use or on sale in the United States of America more than one year prior to the date of this application. I understand that I have a duty of candor and good faith toward the Patent and Trademark Office, and I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, §1.56.

I hereby claim foreign priority benefits under Title 35, United States Code, §119 (a)-(d) or §365(b) of any foreign application(s) for patent or inventor's certificate listed below, or §365(a) of any PCT international application which designated at least one country other than the United States of America, and have also identified below any foreign application for patent or inventor's certificate disclosing subject matter in common with the above-identified specification and having a filing date before that of the application on which priority is claimed:
